6) Katie is looking forward to another try at a new year. Looking to the membership for alternatives for festing, getting good interactions from members so far. Hoping to add an element of stewardship into the public's visits.

7) Katie Wolfe was elected VP by the membership. Virtual WMG was much smaller (as the fest itself is as well) but was well received and interacted with. In lieu of Virtual Wild Magick, there will be a Full Moon ritual on Halloween. Thanksgiving officially cancelled. Longest night will occur with Uncle Dan setting the Boiler fire brick. November and December Council meetings were canceled.

8) Need more hands on the boiler, but good progress is being made. Janie will work on documenting shut-down process where applicable.
